Materials and Finishes Catalogue

# METRIKA

## A Great Project Starts with Quality Materials

At Metrika, we believe in solutions designed to provide our end-user with the elements needed to create an efficient and modern workspace.

We offer an extensive range of quality fabrics and materials, which we have sourced to meet both the environmental and valued standards Metrika is known for.

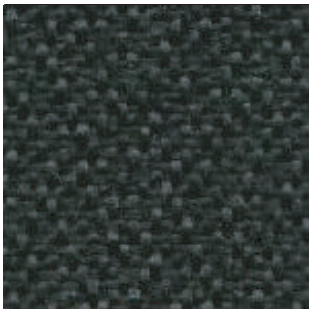

Want to customize your workspace? Work with our representatives for a more personal look by customizing your system with COM fabrics (Customers Own Materials).
